### Short research report

**F161** Lactate, rather than ketones, may provide alternative cerebral fuel in hypoglycaemic newborns D L Harris, P J Westen, J E Harding

**F165** Cerebral oxygenation with different nasal continuous positive airway pressure levels in preterm infants S Berinlich, I Travani, G Com, J Buia, T Staaf, S Damann

**F169** Congenital chylothorax: a prospective nationwide epidemiological study in Germany A Bialekowska, C F Peets, A R Franz, and the Erhebungseinheit für seltene pädiatrische Erkrankungen in Deutschland Study Group

### Reviews

**F173** Being baby friendly: evidence-based breastfeeding support J Clemenson, S Oldie, M J Renfew, W McGaule

**F179** Impact of retinopathy of prematurity on ocular structures and visual functions A Fielder, H Blencowe, A O'Conner, C Gilbert

---

**F132** Umbilical blood flow patterns directly after birth before delayed cord clamping I Boere, A A W Roest, D A J ten Harkel, M C Haak, C J Merley, S B Hooper, A B de Pas

**F136** Clinically stable very low birthweight infants are at risk for recurrent tissue glucose fluctuations even after fully established enteral nutrition E. Mola-Schenzle, A Stuffer, M Klemme, F Pellegriini, G Molnar, K G Parkinson, H Messner, A Schulze, A W Flemmer

**F139** Peak systolic to end diastolic flow velocity ratio is associated with ducial patency in infants below 32 weeks of gestation A Smith, M Maguire, V Livingstone, E M Dempsey

PostScript
F185 Management of neonatal early onset sepsis (CG149): compliance of neonatal units in the UK with NICE recommendations
A Mukherjee, B Ramalingaiah, N Kennea, D A Duffy

F186 Reliability of National Neonatal Audit Project’s retinopathy of prematurity screening data
S J Oddie

F186 Response to: ‘Reliability of National Neonatal Audit Project’s retinopathy of prematurity screening data’ by Finer and colleagues
A J Lyon

F186 Rotavirus immunisation in NICU: a 1-year experience in a UK tertiary neonatal surgical unit postvaccine introduction
S C Jaques, L Ogley, D Duffy, N Kennea

Hyperion
F188 Highlights from the literature

Images in neonatal medicine
F101 Decreasing mean airway pressure as a management strategy for tension pneumatoceles
A C Wellington, N A Syngal, S Worgall, A M Groves

F115 Extensive blueberry muffin rash in a neonate
J Pansy, N Morris, B Resch

F164 4D phase contrast MRI in the preterm infant: visualisation of patent ductus arteriosus
