Contents  Volume 103 Issue 5 | ADC Fetal and Neonatal Edition  September 2018

**Fantoms**

**F397** Highlights from this issue

Ben Stenson

**Editorials**

**F398** Can we make informed consent forms more informative?

E E Foglia

**F399** Cognitive trajectories from infancy to early adulthood in the EPICure cohort: time to refocus research on how to break the ‘natural limits’ of brain plasticity

T M Lui, A M Naut

**F401** A video is worth a thousand words: innovative uses of videolaryngoscopy

N R Pouppart, E E Foglia, A Ades

**Original articles**

**F403** Improved pregnant women’s understanding of research information by an enhanced informed consent form: a randomised controlled study nested in neonatal research

N Konrungsosomboon, C Trainaree, S Chanthawongnak, P Rungrungthooc, Y Thanapat, J Karbwang

**F408** Analysis of unsuccessful intubations in neonates using videolaryngoscopy recordings

J E O’Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F413** Trainees success rates with intubation to suction meconium at birth

M E Robinson, J Dazz, N J Barrowman, N Huneault-Purney, B Lemyre, N Rouvinez-Bouali

**F417** Respiratory adaptation in term infants following elective caesarean section

D Fenn, J D Meulemeester, L Dossen, J Healthy, V Livingston, G B Boyd, C A Ryan, E M Dempsey

**F422** Care bundles to reduce central line-associated bloodstream infections in the neonatal unit: a systematic review and meta-analysis

V Payne, M Hall, J Prieto, M Johnson

**F430** Effect of a smaller target range on the compliance in targeting and distribution of oxygen saturation in preterm infants

H A van Zanten, S C Paiwes, B J Stenson, F J Walther, E Lopriore, A B te Pas

**F436** Sensory exposure of neonates in single-room environments (SENSE): an observational study of light

K Best, P Bogossian, K New

**F441** Always a burden? Healthcare providers’ perspectives on moral distress

T M Prentice, L Gillam, P G Davis, A Janvier

**F446** Outcomes of oxygen saturation targeting during delivery room stabilisation of preterm infants

J L Oei, N N Finner, O D Saugstad, I M Wright, Y Rabi, W F Turnock-Mold, W Richards, V Kapadia, D Rock, J P Smyth, K Liu, M Veno

**F455** Chest compression during sustained inflation versus 3:1 chest compression: ventilation ratio during neonatal cardiopulmonary resuscitation: a randomised feasibility trial

G M Schmitzer, M O Reilly, C Fray, S van Os, P Y Cheong

**F461** One-year outcomes following surgery for necrotising enterocolitis: a UK-wide cohort study

**F467** Tobacco, alcohol and illicit drugs during pregnancy and risk of neuroblastoma: systematic review

E Muller-Schulte, G Karlemann, A Harder

**F469** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F470** One-year outcomes following surgery for necrotising enterocolitis: a UK-wide cohort study

**F473** Alcohol and drug use in the perinatal period: a systematic review

M Kwan, H Chen, L Temple, A Kay, S Chalmers, N Paddison, B Hutton

**F478** The effect of intravenous sedation on the incidence of intubation for meconium aspiration

J De Jongh, A B te Pas, E E Foglia, E M Dempsey

**F482** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F487** The effectiveness of skin preparation with chlorhexidine in reducing the incidence of postnatal infections in preterm infants

C Fray, J E O'Shea, S Amin, S Knutton, L Williamson, P G Davis

**F490** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F493** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F496** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F500** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F503** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F506** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F509** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis

**F512** A randomised trial of vital sign monitoring in the delivery room for preterm infants

J E O'Shea, P Loganathan, M Thio, C O F Kamlin, P G Davis
Antimicrobial resistance in UK neonatal units: neonIN infection surveillance network
B Cailes, C Kortsalioudaki, J Buttery, S Patnayak, A Greenough, J Matthes, A B Russell, N Kennea, P T Heath, on behalf of the neonIN network

Validity of neurodevelopmental outcomes of children born very preterm assessed during routine clinical follow-up in England
H S Wong, F M Cowan, N Modi, On behalf of the Medicines for Neonates Investigator Group

Retrospective cohort analysis on pancreatic enzyme substitution in very low birthweight infants with postnatal growth failure
J O Ziegler, C Maas, W Berndt, J Arand, C F Poets, A R Franz

Comparison of infant heart rate assessment by auscultation, ECG and oximetry in the delivery room
M C Murphy, L De Angelis, L K McCarthy, C F O’Donnell

Case of membranous oesophageal atresia
J Zhou, W Ge, X Zhu, Y Fang, T Song, S Tian

Clinical aspects of incorporating cord clamping into stabilisation of preterm infants
R Knol, E Brouwer, A S N Vernooij, F J C M Klumper, P DeKoninck, S B Hooper, A B te Pas

Highlights from the literature
