Highlights from this issue
F551 Fantoms
B J Stenson

Editorial
F552 Neonatal seizures. Treat! But when, with what and for how long?
R W Hunt

Review
F554 Can we balance early exogenous surfactant therapy and non-invasive respiratory support to optimise outcomes in extremely preterm infants? A nuanced review of the current literature
K Glaser, N A Batmaz, C J Wright

Original research
F562 Estimated neonatal survival of very preterm births across the care pathway: a UK cohort 2016–2020
S E Sexton, R Agarwal, E S Dusper, A C Fenton, J J Kurinczuk, B N Mateszczuk, L K Smith

F569 National priority setting partnership using a Delphi consensus process to develop neonatal research questions suitable for practice-changing randomised trials in the UK

F575 Fragility and resilience: parental and family perspectives on the impacts of extreme prematurity
A Janvier, C J Bourque, R Patrice, E Thivoire, L A Duquette, M Jaworski, K J Barrington, A R Synnes, P Church, T M Lau

F581 Health-related quality of life in adults born extremely preterm or with extremely low birth weight in the postsurfactant era: a longitudinal cohort study

F588 Video laryngoscopy-assisted less-invasive surfactant administration quality improvement initiative
D Kurepa, V Boyar, O Predtechenska, V Gupta, B Weinberger, M Palju, A Zaytseva, S G Galanti, G Kassaeva, S Perveen

F594 Effect of initial and subsequent mask applications on breathing and heart rate in preterm infants at birth
K L A M Kaspers, A Hopman, S J E Cramer, J Dekker, R Visser, S B Hooper, A B te Pas

F599 Neonatal outcomes following early fetal growth restriction: a subgroup analysis of the EVERREST study
I Lingam, J Okell, K Makosy, R Spencer, D Peeters, G Buquis, G Amelar, E Morison, D Ley, D Singer, V Tenorio, J Dyer, Y Ginsberg, T Weissbach, A Huertas-Celaya, N Mason, A David, on behalf of the EVERREST consortium

F607 Ultra-high frequency lung ultrasound in preterm neonates: a test validation study on interpretation agreement and reliability
V Sartorius, B Lai, L Vidal, L Regirde, S de la Rubia Ortega, R Centorrino, D De Luca

F612 Hyper high haemoglobin content in red blood cells and erythropoietic transitions postnatally in infants of 22 to 26 weeks’ gestation: a prospective cohort study
S M Larson, T Ulmer, A Rakow, M Vausev, D Wackernagel, K Sävman, I Hassan-Pupp, A Hellström, D Ley, O Andersson

F617 Experiences of healthcare personnel with death in the neonatal intensive care unit: a systematic review of qualitative studies
J Q H Wong, J S Charles, H T Mok, T Z T Tan, Z Amun, Y P M Ng
Early initiation of antibiotic therapy and short-term outcomes in preterm infants: a single-centre retrospective cohort analysis
NK Köstlin-Gille, LM Serna-Higuita, CBubser, JArand, LHaag, CESchwarz, MHeideking, CFPeets, CGille

Prognostic value of echocardiographic parameters in congenital diaphragmatic hernia: a systematic review and meta-analysis
MPammi, YKelagere, SKoh, ASisson, JHagan, JKailin, CJFernandes

Measuring Oxygenation in Newborn Infants with Targeted Oxygen Ranges (MONITOR): a randomised crossover pilot study
FG Christie, RKelly, JP Boardman, BJ Stenson

Clinical usefulness of reintubation criteria in extremely preterm infants: a cohort study
TAlarcon-Martinez, SLatremouille, LKovacs, RE Kearney, GM Sant’Anna, WShalish

Diagnostic accuracy of small-for-gestational-age status for infant mortality and school-age outcomes of live births <28 weeks’ gestation: a cohort study
LW Doyle, JChen, RABoland, SC Kane, RMantez, GRoberts, EJKosev, MClark, PJAnderson, JLYCheong

Herpes simplex virus infection among neonates suspected of invasive bacterial infection: a population-based cohort study
KHS Dungu, SLund, EM Almehau Carlsen, UBR Harding, AT Matthesen, KT Franck, MKThomsen, US Justesen, HLNielsen, ACY Nielsen, TB Henriksen, UNygaard

Thermal care for preterm infants in the delivery room has not been compromised since the routine adoption of delayed cord clamping in our unit
RClarke, JBurgess-Shannon, CHowarth, VRowell, NAladangady

Vertical transmission of SARS-CoV-2 – are there differences in rates of neonatal SARS-CoV-2 infection in two classification systems?
NMand, MHutten, RMai, LM Menze, UPecks, MRüdiger, on behalf of the CRONOS Network

Subcortical bruising in the preterm infant
SRoychoudhuri, CBenson, MA El-Dib

Cutaneous mucormycosis in an extremely premature infant
KChmelova, R Tinsen, SZalewski

Images in neonatal medicine

Herpes simplex virus infection among neonates suspected of invasive bacterial infection: a population-based cohort study
KHS Dungu, SLund, EM Almehau Carlsen, UBR Harding, AT Matthesen, KT Franck, MKThomsen, US Justesen, HLNielsen, ACY Nielsen, TB Henriksen, UNygaard
