Highlights from this issue

F457 Fantoms
B J Stenson

Editorial

F458 Data collection in neonatal retrieval medicine: a platform for research and improvement
J W Davis, M Stewart

Reviews

F460 Tracking national neonatal transport activity and metrics using the UK Neonatal Transport Group dataset 2012–2021: a narrative review
A Leslie, C Harrison, A Jackson, S Broster, E Clarke, S L Davidson, C Devon, B Forshaw, A Philpott, R Tinnion, J Whiston, A C Fenton, D Sharkey

F467 Neonatal high-frequency oscillatory ventilation: where are we now?
J Hibberd, J Leontini, T Scott, J J Pillow, M Miedema, P C Rimensberger, D G Tingay

Original research

F475 Does extremely early expression of colostrum after very preterm birth improve mother's own milk quantity? A cohort study
I Levene, M A Quigley, M Fewtrell, F O'Brien

F481 Hydrocortisone in very preterm neonates for BPD prevention: meta-analysis and effect size modifiers
D De Luca, S Ferraioli, K L Watterberg, O Baud, M R Gualano

F488 Variations in neonatal mortality of preterm infants with intraparenchymal haemorrhage in Europe: the EPICE cohort
C Loth, L Treluyer, V Pierrat, A EGO, A M Aubert, T Debillon, J Zeitlin, H Torchin, M Chevallier, EPICE AND SHIPS RESEARCH GROUP

F495 Early parenteral nutrition is associated with improved growth in very low birth weight infants: a retrospective study
R L Shen, C Ritz, Y Li, P T Sangild, P-P Jiang

F500 Does ECG monitoring affect resuscitation for neonates with pulseless electrical activity in the delivery room? A simulated, pilot, crossover randomised trial
M-A Assaad, L Garipey-Assal, A Moussa

F505 Newborn face mask ventilation training using a standardised intervention and respiratory function monitor: a before and after manikin study
C M Ni Chathasaigh, L Smiles, A E Curley, E O'Curraín

F511 Neurosensory, cognitive and academic outcomes at 8 years in children born 22–23 weeks' gestation compared with more mature births
I RM Marks, L W Doyle, R M Mainzer, A J Spittle, M Clarke, R A Boland, P J Anderson, J LY Cheong

F519 Neurodevelopment at age 5.5 years according to Ages & Stages Questionnaire at 2 years' corrected age in children born preterm: the EPIPAGE-2 cohort study
M-L Charkaluk, G D Kana, V Benhammou, I Guellec, M Letouzey, A S Morgan, A Nuytten, H Torchin, S Twilhaar, G Cambonie, S Marret, P Y Ancel, V Pierrat, Neurodevelopmental writing group of EPIPAGE-2

F527 Comparison of two different oxygen saturation target ranges for automated oxygen control in preterm infants: a randomised cross-over trial
F Brouwer, H H Salverda, S J E Cramer, C Schmeits, J van der Plas, A B te Pas, J Dekeker

F535 Randomised study of a new inline respiratory function monitor (Juno) to improve mask seal and delivered ventilation with neonatal manikins
M B Tracy, M Hinder, S Morakeas, K Lowe, A Priyadarshi, M Crott, M Boustred, M Culcer

F542 Place of birth and postnatal transfers in infants with congenital diaphragmatic hernia in England and Wales: a descriptive observational cohort study
B Nezařat Maldonado, J Lanoue, B Allin, D Hargreaves, M Knight, C Gale, C Battersby

When you have finished with this please recycle it

F550 Using the providers' perspective on video review of neonatal procedures to create a roadmap: a qualitative study
V Heesters, H A van Zanten, M C den Boer, A B te Pas, R SGM Wüloz

F557 Extended CPAP or low-flow nasal cannula for intermittent hypoxaemia in preterm infants: a 24-hour randomised clinical trial
S Yazdi, W A Carlo, A Nakhmani, E O Boateng, I Aban, N Ambalavanan, C P Travers

F562 Effect of gestational age on cerebral lesions in neonatal encephalopathy
L Binet, T Debillon, J Beck, A Vilotitch, I Guellec, A Ego, M Chevallier, on behalf of the LYTONEPAL research group

PostScript

F569 Trends in infant mortality due to haemolytic disease and other perinatal jaundice in the USA, 1999–2020
R Vidavalur, V K Bhutani
