

# ARCHIVES OF DISEASE IN CHILDHOOD

*The Journal of the British Paediatric Association*

- |  |     |  |
|--|-----|--|
| <b>Annotation</b>                      | F1  | Inflammatory mediators and bronchopulmonary dysplasia <i>Peter Groneck, Christian P Speer</i>  |
| <b>Original articles</b>               | F4  | Low birthweight infants and total parenteral nutrition immediately after birth. I. Energy expenditure and respiratory quotient of ventilated and non-ventilated infants <i>J S Forsyth, A Crighton</i>                           |
|  | F8  | Low birthweight infants and total parenteral nutrition immediately after birth. II. Randomised study of biochemical tolerance of intravenous glucose, amino acids, and lipid <i>N Murdock, A Crighton, L M Nelson, et al</i>     |
|  | F13 | Low birthweight infants and total parenteral nutrition immediately after birth. III. Randomised study of energy substrate utilisation, nitrogen balance, and carbon dioxide production <i>J S Forsyth, N Murdock, A Crighton</i> |
|  | F17 | Abundance of endothelial nitric oxide synthase in newborn intrapulmonary arteries <i>A A Hislop, D R Springall, L D K Buttery, et al</i>   |
|  | F22 | Randomised, double blind trial of two loading dose regimens of diamorphine in ventilated newborn infants <i>D P Barker, J Simpson, M Parvula, et al</i>  |
|  | F27 | Randomised controlled trial of allopurinol prophylaxis in very preterm infants <i>G A B Russell, R W I Cooke</i>   |
|  | F32 | Use of the CRIB (clinical risk index for babies) score in prediction of neonatal mortality and morbidity <i>Richard H B de Courcy-Wheeler, Charles D A Wolfe, Anthony Fitzgerald, et al</i>                                      |
|  | F37 | <i>Ureaplasma urealyticum</i> as a cause of pneumonia in preterm infants: analysis of the white cell response <i>A Panero, L Pacifico, N Rossi, et al</i>  |
|  | F41 | Fetofetal transfusion in triplets <i>V K Rehan, S M Menticoglou, M M K Seshia, et al</i>   |
|  | F44 | Sodium glycerophosphate in the treatment of neonatal hypophosphataemia <i>I Costello, C Powell, A F Williams</i>   |
|  | F46 | Group B streptococcal infection: when does vertical transmission take place? <i>C A Michie, R Blumberg</i>   |
| <b>Current topic</b>                   | F48 | Mechanism of visceral damage in fetofetal transfusion syndrome <i>V K Rehan, S M Menticoglou</i>   |
| <b>Perinatal lessons from the past</b> | F51 | Soranus of Ephesus (circa AD 98–138) and perinatal care in Roman times <i>Peter M Dunn</i>   |
| <b>Letters to the editor</b>           | F53 |  |
| <b>Book review</b>                     | F54 |  |
